

2023

Peter Vachon

Hello there! I'm Peter, a creator who's always on a journey of exploration and growth, inspiring those around me to craft extraordinary experiences.

As a design leader, my aim is to ensure that I support my team's fulfillment, actively listen, and nurture opportunities for growth, achievement, and success.

EXPERIENCE

Google, Senior UX designer

2020 - 2023

Engaged across various products for a span of 3 years, played a role in shaping design systems, orchestrating internal product launches, taking the lead in guiding and nurturing designers, while also offering strategic insights and input for annual planning efforts.

IBM, Design Principal

2015 - 2020

Led several teams in envisioning the future of cybersecurity while making significant contributions to the foundational aspects of the IBM Carbon design systems

MaineToday Media, Digital Design Director

2011 - 2015

Championed the effective design and rollout of enhanced digital assets for a media company focused on journalism. Personally crafted designs and played a pivotal role in shaping the strategic direction in collaboration with the leadership team.

Design & Development Consultant – Contract

2005 - 2015

Mowbi, Mobile Web Designer

2010 - 2011
